Shuster Secures \$49,000 for the Meyersdale Community Center

Washington, D.C. –**Congressman Bill Shuster** is pleased to announce that he has successfully secured \$49,000 in the Omnibus Appropriations Act to improve the Meyersdale Community Center.

The \$49,000 will be used to make improvements to the facility including the construction of a new roof. The Meyersdale Community Center provides numerous after school programs for area students and residents. However, the current state of the center's roof raises significant security concerns for its patrons.

“The residents of Meyersdale use the community center year-round to gather, hold events and community activities,” Shuster said. “Their active community deserves a facility with a stable, secure roof. It is my hope that this funding will take care of outstanding structural concerns at the community center.”
